Set the temperature and flow with a simple twist of a knob and Qloud is ready to respond to your fingertip's touch for the shower mode of your choice. Select it easily and experience it instantly.

"A form with a sculptural quality which achieves a contemporary lightness in its appearance while being eco-friendly and minimising the use of materials."

PARICHAY MEHRA

Unmistakably Florentine. Now unmistakably Prime

One of Jaquar's most loved ranges, Florentine finds a new design narrative in its contemporary evolution as Florentine Prime. And achieves a carefully crafted balance between its original form and a new simplicity of design that brings a modern maturity to its identity.

A clean, organic silhouette that balances
sharp lines and classic curves.

"Tailwater takes inspiration from the natural world, embodied in a beautifully engineered piece of industrial design."

CLAUDIA DANELON

A striking and iconic piece of
bathroom fitting - a unique creation.

"VIC collection is sober and elegant, yet at the same time aristocratic and exclusive.
It is not a revival of a style but a new equilibrium between old and new."

DANELON MERONI

A G U N A

AN ICONIC FORM,
A HOLISTIC COLLECTION

"Enduring simplicity of form, in a cohesive collection of materials, colours and combinations that create wonderful opportunities for magnificently finished spaces."

MATTEO THUN & ANTONIO RODRIGUEZ

EFFORTLESS FUNCTIONALITY
WITHIN A STUNNING FORM

"The attempt was to build a powerful metaphor to experience design, abstracting functionality into something unique and desirable."

MICHAEL FOLEY

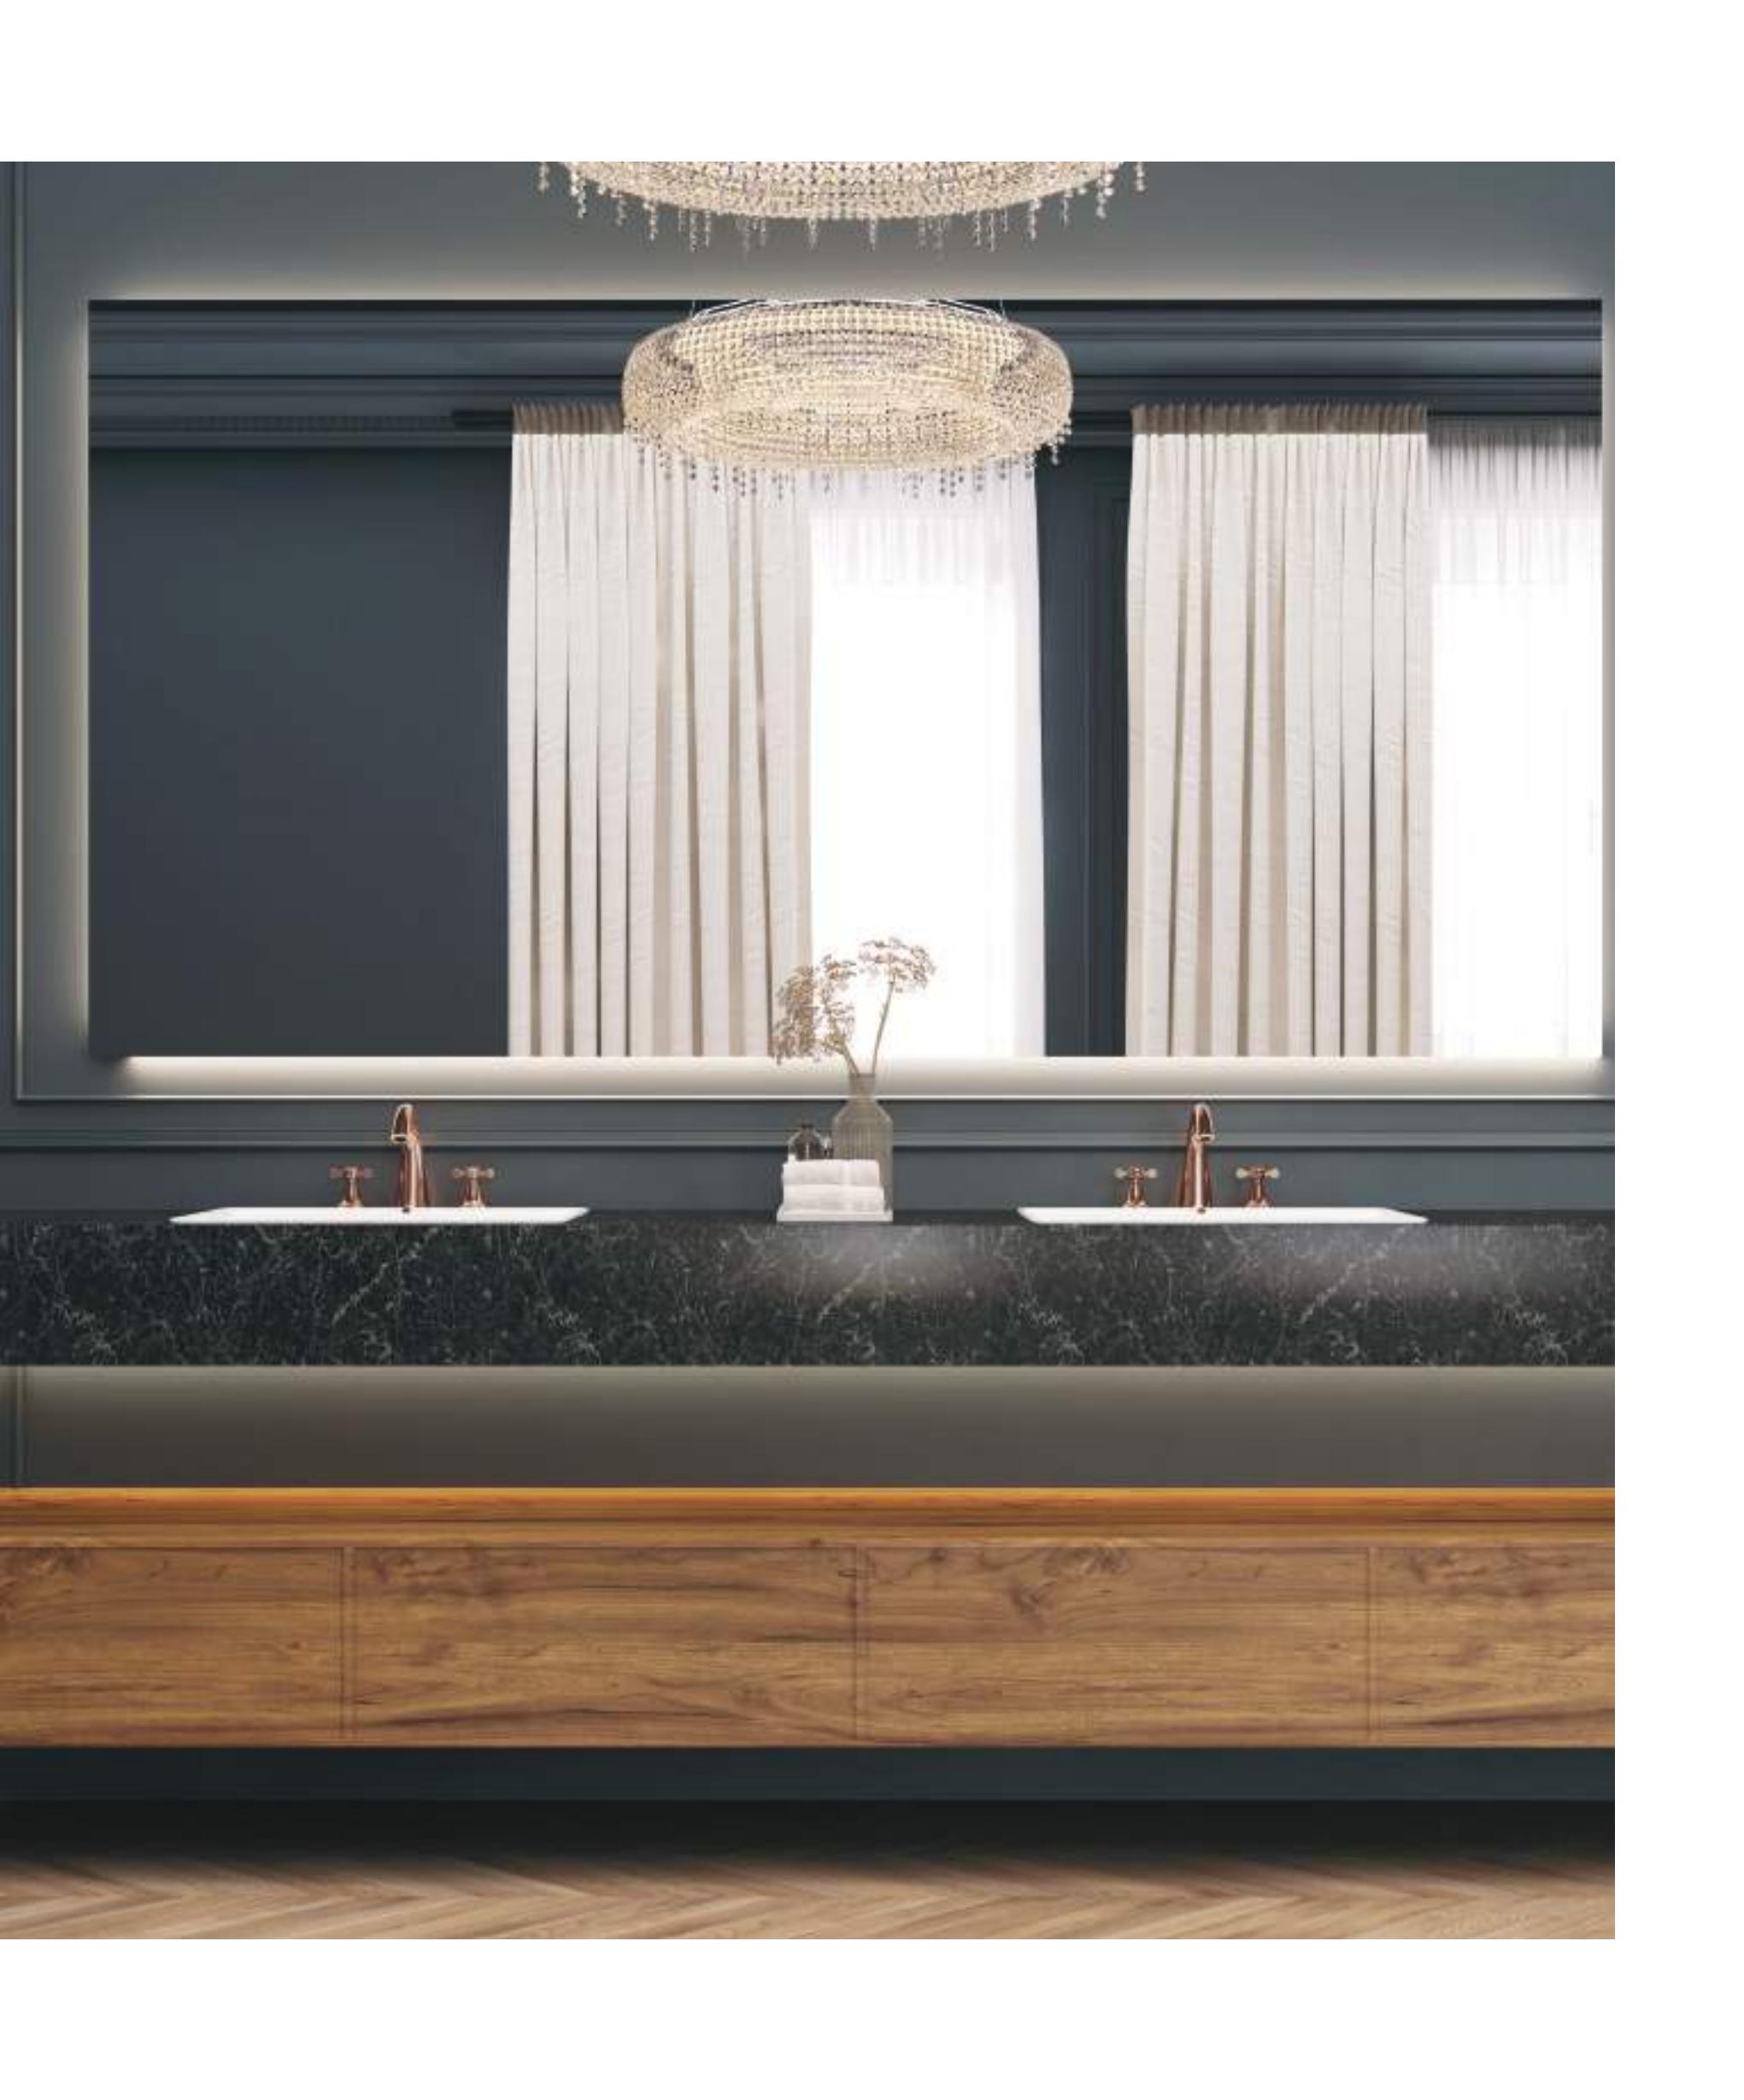

Designed like a piece of jewellery with echoing ovals, Tiaara is a faucet that brings a unique sculptural quality to a commonplace function and elevates its usage into a memorable experience.

A UNIQUE DUAL-FALL
WATER FLOW DESIGN

"A biomorphic design that delivers a Zen-like waterfall flow into your palms; a perfectly serene stream from the half-cut-bamboo style faucet."

PARICHAY MEHRA

Inspired by the age-old use of bamboo in channeling water from rivers and brooks, the Confluence basin mixer has been designed to deliver a natural flow of peace and serenity into your bathroom. The calming effect of naturally falling water has been replicated in Confluence by crafting a gentle flow that descends from a half-cut bamboo into your palms.

RAINJOY ENVELOPS THE SENSES WITH
AN ARRAY OF SOOTHING SENSATIONS

RAINJOY

The ultimate in showering luxury, Rainjoy from Artize is the finest in extra large, concealed, overhead showers. Offering a choice of showering modes like Rain, Intense, Mist and even Massage, the Rainjoy showering experience is a complete body bath that envelops the senses with an array of soothing sensations inspired by nature's brilliant, rejuvenating ways with water.

Smart bathrooms powered by new generation,
quick response sensors.

An intelligent water closet that's controlled with a smart knob or touch panel.

An electronic water mixer system
that allows precise control of
water in the shower.

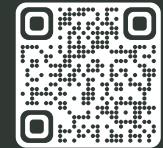

A whirlpool whose streams of tiny oxygen bubbles, smaller than your skin's pores, deliver intense skin hydration for a smooth complexion.

With a pre-filter, carbon filter, mesh filter, ultra-violet disinfection and ozonisation, Trigiene saves water, saves energy, and helps save the environment.
